Subject: Renewal of ASME Certificates of Authorization 'S' #40,822, 'U' #35,438 & 'U2' #41,268

Dear Mr. Patel:

Enclosed are your Certificates of Authorization to apply the ASME Certification Mark to items, which you build in accordance with the ASME Boiler and Pressure Vessel Code. If this is a new issuance, the Certification Stamps are also enclosed. The purpose of the Certification Stamp is solely for application to items, which have been built in accordance with the Code, and the use of the certification mark in advertising is restricted.

Since a renewal notice will be mailed eight months prior to the expiration date shown on the enclosed Certificates and H (Cast Iron) and UM yearly renewals will be mailed six months prior to that date, to the individual and address shown above, it is important that we be informed of any changes. In any case, it is your responsibility that we receive renewal applications at least six months [four months in the case of H (Cast Iron) and UM] prior to the expiration of the enclosed Certificates.

If you make reference to the ASME Symbol in your advertising, it is required that you follow the "STATEMENT OF POLICY ON THE USE OF THE CERTIFICATION MARK AND CODE AUTHORIZATION IN ADVERTISING" which appears in the preliminary material in each Section of the ASME Boiler and Pressure Vessel Code.

Very truly yours,

Janet Hill
