

INDEPENDENT AUDITOR'S REVIEW REPORT ON REVIEW OF INTERIM STANDALONE FINANCIAL RESULTS

TO THE BOARD OF DIRECTORS OF THE ANUP ENGINEERING LIMITED

1. We have reviewed the unaudited standalone financial results of **The Anup Engineering Limited** ("the Company") for the quarter ended June 30, 2020 which are included in the accompanying 'Statement of Standalone Unaudited Financial Results for the quarter ended June 30, 2020' and notes thereon (together referred to as the 'Standalone Statement'). The Standalone Statement has been prepared by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the Listing Regulations, 2015), which has been initialled by us for identification purpose.
2. This Standalone Statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "*Interim Financial Reporting*" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*", issued by the Institute of Chartered Accountants of India (ICAI). This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Standalone Statements are free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standard of Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the Standalone Statement has not been prepared in all material respects in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other recognized accounting practices generally accepted in India and has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

5. We draw attention to Note 4 to the Standalone Statement which explains the uncertainties and management's assessment of the financial impact due to the lock-downs and other restrictions and conditions related to COVID-19 pandemic situation, for which a definitive assessment of the impact in the subsequent period is highly dependent upon the circumstances as they evolve. Our opinion is not modified in respect of this matter.

The Anup Engineering Limited announces results for the quarter ended on June 30, 2020

Ahmedabad, August 01, 2020: The Anup Engineering Limited (ANUP) announced its financial results for the First Quarter Ended June 30, 2020. The financial results are as per Indian Accounting Standards (IND-AS) format.

Financial Highlights for operating performance Q1, 2020-21

Particulars	Q1, 2020-21	Q1, 2019-20
Revenue from Operations	30.14	37.06
EBIDTA	8.32	12.16
MARGIN %	28%	32%
PBT	6.81	10.84
PAT	5.20	7.95

Financial Performance: Due to the COVID-19 outbreak overall business activities of the company got impacted resulting in lower operations levels. Hence it is not comparable with the corresponding quarter of the previous year.

Revenue from Operations stood at Rs. 30.14 Crores as compared to Rs. 37.06 Crores in the corresponding quarter of the previous year.

EBITDA at Rs 8.32 Crores as compared to Rs 12.16 Crores in the corresponding quarter previous year. However, a healthy margin of 28% is still maintained.

Net Profit (PAT) was at Rs 5.20 Crores as against Rs 7.95 Crores in the in the corresponding quarter of the previous year.

Commenting on the quarterly results, Mr. Rishi Roop Kapoor, CEO, The Anup Engineering Ltd said, "The COVID-19 pandemic had a significant impact on the performance in Q1, as operations were completely halted during April and with a very tentative, partial and gradual resumption of operations towards end of May. It was in June that we were able to achieve a meaningful ramp-up to reasonable levels of capacity utilisation and ended the quarter on a positive note with a continuing upswing in business activities. We made rapid strides in booking significant orders with a product mix strategically pursued by the company. The company's order book witnessed a healthy improvement of 41% from Rs. 267 Cr as on 1.4.2020 to Rs.377 Cr as on 30.06.2020."

"We have strived persistently to successfully achieve three objectives - to support our employees financially right through this period, to ensure a safe workplace with elaborate protocols and to adhere to the commitments made to our customers" he further added.

Though Q1FY21 saw some impact, company's order backlog is strong and at an all-time high which augurs well for the rest of the year and time to come. As an organization, we remain nimble & responsive to the evolving challenges due to the COVID-19 situation so that we adapt well and maintain a healthy performance in the coming quarters.

Outlook

The current situation is generating an unprecedented level of uncertainty worldwide. Major economies have virtually come to a halt. The COVID-19 situation is dynamic and evolving, but the underlying fundamentals of our business remain extremely strong. However, India seemingly is better placed as no major expansion cut has been announced by the PSUs.

On CAPEX front, company has successfully completed the extension of heavy bay at Odhav which has further strengthened the manufacturing capabilities. This will help the company to execute larger and more complex equipment orders. Further the company plans to ramp up its Kheda project to catch up on the lost time due to COVID-19 and at the same time balancing the cash flows with a cautious approach precipitated by the pandemic.

The company continues to focus its efforts on maintaining its strong liquidity and holds on to its consistent cash position, which at the end of the quarter stood at INR 72 crore.
